

Notes:

- Reviewed the wireframes Miranda created & gave feedback
 - Change the gray to a blue-gray
 - Put more padding and spacing within the boxes in the tables
 - Don't list out password in profile
 - Adding a quantity available column within the inventory
 - Make sign-up page
 - Add a how-to-use section at the bottom of main
 - To be revised by midnight 9/23 (tonight)
 - Once done, export and put in repo
- Settled on a color palette for the website
 - Gray-blue, black & white
- To add for backend:
 - Add a "how long are you reserving for" in the sql ✓
 - Default is a week if no value is put in
 - Expected return date ✓
 - Updated DB:

- light/dark mode (low priority / non-functional)
- data.json updated to reflect return date additions to DB, merged
- For next time:
 - Miranda revises wireframes by midnight & adds to repo
 - Christian will write markup for home/info page by next mon. 9/30
 - Catherine will do markup for admin homepage by next mon. 9/30
 - Backend team divvying up query writing; will add to Kanban board
 - Billy will start listing out possible queries to be made by next mon. 9/30
