Things to talk about:
- Finish slideshow for midterm

Things we talked about:
- Miranda had bug and we discussed and she will create an issue for this
- Christian will work on the item details
- Catherine making borrowing history page load from data.json
- Kellie will have her second query done by Thursday's scrum meeting
- Billy working on the login system, Heman was supposed to do this?
- Began assigning things/slides to talk about during the presentation
- Decided to get rid of filterItems due to redundancy
- We will all add to the slides over the course of the week
- Christian will fix the dropdown menu not disappearing issue
- Things to include for the presentation:
    - Overview of the project
    - Front-end:
        - Wireframe
        - Give a demo of the current state of the website
    - Backend:
        - Show the database
    - Timeline, what is to be done/what is expected to be done by end of sem
